I recently received hearing aids through your foundation. I can't thank you enough. There are no words to express the dramatic change they have made upon my life. A whole new world has been opened up to me. I can now enjoy music and TV for the first time in many, many years. I can talk with and have conversations with people again. I can hear my doctors and understand instructions without help. But most of all I can hear my grandbabies say gramma and I love you for the first time ever. I wish there were some way I could give back to you. I will be sure to tell everyone who ask that your foundation made this all possible and encourage them to donate to your cause. God bless you in all your undertakings.

Sincerely, Evelyn Ippolito
