

I recently got a hearing aid from your foundation that was free, as I am a low income senior citizen. I am so happy with it & I very much appreciate your giving it to me. I can hear from that ear so much better. I have had aids for many years & never had a person work so ~~hard~~ hard to make it so good as Roxanne did to make it right. She took ~~my~~ ^{an} old ^{one} I had & fixed it so it helped my left ear, that one has nearly no hearing in it. She fixed it so my hearing is much better in my left ear.

I can even hear a bit better in Church now, & face to face with people couldn't ask it to be better.

I gave a pamphlet to my primary Dr. & she has a lot of senior citizen who care for
I thank you so very much for your helping me hear so well in my latter years.

Sincerely
Joyalyn Tinnell
