Dear Lori,

This letter is in answer to the question, "How is your life better since you have your hearing aid?"

Now that I have my hearing aid, I don't have to turn my TV up loud enough that my neighbor's can hear it, I'm not aggravating my wife by saying uh so many times now, I hear more sounds when I am driving, and I can hear on my cell phone without turning the volume up real loud.

Sincerely,

*Joseph Allen Hilton*
