Subject: RE: Your Hearing Aids

Dear Friends at The Foundation of Sight and sound,
I would like to let you know what a blessing my new hearing aids are. Mere words can't not express how grateful I am, thank you so much. They were more than I expected. They are small and very comfortable to wear some times I forget that I have them in. They have changed my life!! Where I walk my dog there were these small finches that I would see but never heard until I put in my hearing aids now I hear all kind of birds singing!! My provider Dr. Dionna Prow has been wonderful!! She has gone beyond my expectations she is available to me when ever I have questions or need adjustments. It is so nice to work in partnership with your Dr. She is a blessing to me and all her patients. Again thank you for your wonderful work.
