Good Morning, Mitch!

Words cannot express our gratitude to you and the Foundation for Sight and Sound for your assistance. Dad received his hearing aid on Friday, December 9 from Karen

McQuaid-Bell. What a wonderful moment! I was so happy to be there when she turned the hearing aid on for him. It had been 18 months that Dad was without a hearing aid and he missed out on so many family moments. We are so looking forward to this year's Christmas Day when the family will be together and he can join in and not miss a thing!!

Karen was so sweet! She did an outstanding job showing my parents the features of the hearing aid and

how she is available to them with any questions, concerns and future maintenance.

All of those involved in this Foundation have made Christmas for our family extra special this year. We cannot thank you enough!

Best wishes to all of you for a beautiful Holiday Season and a Happy and Healthy New Year!!

Kim Ferenci

(daughter of Lloyd Sprague)
