

Sept. 14-2011

Foundation
for Sight and Sound:

I think the biggest
difference in having a
hearing aid — (or not
having one) is that when
a person is talking to you,
you don't have to say
"What?" (In other words,
what did you say?)

(because now
you can hear the
words)

Sincerely, ^{People} say clearly

Marran Lombard

556 8 So Athol Rd
Athol, MA 01331

May God's love shine upon you
and be gracious unto you.
