To Whom It May Concern:

I was recently approved for the **Help America Hear** program through the Foundation For Sight and Sound.

I wanted to take a minute to write and tell you how very happy I am with my new hearing aids. It brought a smile to my face when they placed them in my ears and for the first time in a long time, I could actually hear everything!

The entire process was efficient. The doctor you sent me to was very professional and the hearing aids were ordered and placed in my ears in a very short time.

-My deepest thanks to you for changing my life and giving me the gift of hearing again.

Sincerely,

Osman Bircan

With Spouse, Ayten. She's happy the television volume doesn't have to be so loud anymore!
