Hi Mitch,

Sorry for the delay in getting these to you...

Attached are some pics of Mr. Richard Cottrell and myself taken the day he was fit with his new Dots from the Help America Hear program. He's an absolute sweetheart and a very gracious recipient. Thank you for providing me with a means of helping this great gentleman out : )

Yours truly,

*Hi Lori,*

*We would love to thank you and your staff at the foundation for giving me the gift of hearing. This has changed our life and cant thank all of you enough for your effort. The hearing Aids are wonderful, I am amazed at the sound quality of the dot 30. Thanks Lori! I will keep in touch and let you know how I am doing.*
