The Foundation of Sight and Sound
P.O. Box 1245
Smithtown, NY 11787

To the Board Members of the Foundation of Sight and Sound:

I recently received hearing aids through your foundation and wanted to let you know what a wonderful organization you have for making such a thing possible. As a senior citizen, my hearing loss was made all the more difficult to correct due to the financial requirements needed for hearing aids.

Without the help of The Foundation of Sight and Sound I never would have been able to get my hearing back. I no longer have to sit in silence at family get togethers or ask my friends to repeat themselves over and over again—you have given me the gift of hearing and helped me to live a normal, hearing life again. I am more grateful for this act of charity than you can imagine.

I wish your organization all the success for the good work that you are doing for those in need.

Sincerely,

Rita Dougherty
