Subject: Foundation For Sight and Sound Testimonial

At last I could hear again. Thank god for good people at sight & sound. I now can hear the birds singing and the good sound of music. Plus I don't need the tv sound up so loud. I also could hear the doorbell ring. My life is so much better now since my hearing aid from sight & sound. I'm deaf in one ear and 50% in the other So Sight & Sound step in and helped me. I like to thank everyone at Sight & sound

Robert Richard
