

Mitch,

Hi, well it has been done. The miracle you started has been finished and my mother is so happy. I am attaching the a couple pictures of my mom getting them put in. Also, she wrote out this letter to you about how she feels. I just want to take a moment and tell you how grateful we are to you, and the Help America Hear program, and to the Foundation for Sight and Sound and The EarQ Group, without who, none of the would be possible. You guys have made my mother a very happy person and to know that you have made her last years on earth much better. I will always remember this. Thank you all for everything. God Bless!

Mom wrote the following:

"I am thankful to the Help America Hear sponsored by the Foundation for Sight and Sound and the EarQ Group, for the donation for my hearing aids. I can now hear my grandchildren and will be able to hear when people talk to me and I watch TV. I watch my church every Sunday morning and usually can not hear what Brother Ben says but I now I will be able to hear and follow along in my bible.

I didn't know there was anyone to help people like me and I

can only say thank you for giving me my hearing back."

I lost my hearing gradually over the years and since I have had grandchildren and great grandchildren. I know that on the younger grandkids I have not really been able to hear them at all. I am just so grateful that I can not express into words. Thank you so much and I firmly believe that God helped my daughter Anna find you.

Dorothy Rolus
